Tagung für die weltweite Laminatindustrie:

European Laminates Conference and Workshop 2008

Untertitel: Die vierte European Laminates Conference and Workshop findet vom 8. bis zum 10. April in Wien statt.

Langenzersdorf, 21. Januar 2007 – Die vierte European Laminates Conference and Workshop findet vom 8. bis zum 10. April 2008 im Marriott Hotel in Wien statt.

Die Konferenz wird von Technical Conference Management veranstaltet und von führenden Branchenfirmen – Agrolinz Melamine International, DTS Systemoberflächen, Millennium Inorganic Chemicals – A Cristal Company, Hexion Speciality Chemicals, Berndorf-Hueck, Ahlstrom, Baumer Inspection Systems, Dynea, Bürkle, Durst Phototechnik, Sun Chemical-Hartmann Druckfarben und Laminating Papers – gesponsert und unterstützt.

Workshop am 8. April 2008

- | | |
|-------|---|
| 8:00 | Registration and coffee |
| 9:00 | Welcoming remarks
Kurt Fischer, TCM |
| 9:05 | Introduction
Kenn Busch, Workshop Chairman |
| 9:30 | High-end scanner for the décor industry
Hermann-A. Cruse , Cruse Digital Imaging Equipment |
| 10:00 | Digital direct printing I: Coating processes
Tobias Schreck, Buerkle |
| 11:00 | Coffee break |
| 11:30 | Digital direct printing II: Printer technology and printing process
Norbert von Aufschnaiter, Durst Phototechnik |
| 12:30 | Lunch break |
| 13:30 | Short run digital decor printing on paper for the production of hpl-laminates
Stefan Fiedler, Salon Iris – Industrial Inkjet Innovations |

- 14:30 **Printing inks for digital decor printing**
Jason Sawkill, Hartmann Druckfarben – Sun Chemical
- 15:00 **Coffee break**
- 15:30 **Digital decor printing from a panel producer's perspective**
Luca Onesti, Gruppo Frati
- 16:30 **Meet the speakers: Public discussion session**
- 17:00 **End of Workshop**
- 19:00-21:00 **Laminating Papers Reception and Conference pre-registration**

Konferenz am 9. und 10. April 2008

Wednesday, 9 April 2008

- 8:00 **Registration and coffee**
- 9:00 **Welcoming remarks**
Kurt Fischer, TCM
- 9:05 **EB cured surfaces in HPL and CPL: Possibilities and properties**
Klaus Wittmann, DTS Systemoberflaechen
- 9:30 **Innovations in décor printing – a compendium**
Robert David, Interprint
- 10:00 **Rapid manufacturing of high gloss melamine films**
Andreas Kandelbauer, Vienna University of Agriculture
- 10:30 **Coffee break**
- 11:00 **Use of radiation curing in laminates: From niche application to mainstream production?**
Michel Philips, Matteo Vasconi and Marc Heylen, Cyttec Surface Specialties
- 11:30 **Specialty décor for decorative and industrial laminates**
Laurence Badonnel and Pierrick Girard, Ahlstrom
- 12:00 **Laminates, decorative surfaces**
Presentation of the new book written by Leonid Barash, Slotex
- 12:30 **Lunch break**
- 14:00 **How to predict the real life performance of TiO₂ in decor paper: An integrated approach**
Yannick Dewilde, Millennium Inorganic Chemicals – A Crystal Company
- 14:30 **UV-photogreying of TiO₂ pigments in paper laminates**
Volker Schmitt, Kronos International
- 15:00 **Bio resin from CNSL for laminates**
Manojit Das, Laminate Technologist, India
- 15:30 **Coffee break**
- 16:00 **Automatic in-line monitoring of the visual appearance in analogue, direct and digital décor printing with virtual computer-based reference proofs**
Robert Massen, Baumer Inspection

16:30 **In-line measurement of water content in decor and overlay paper using microwave resonance technology**
Joern Doescher, Doescher & Doescher

17:00 **End of day 1**

18:30 Buses leave for AMI Agrolinz Melamine International Conference Dinner

19:00 **AMI Agrolinz Melamine International Conference Dinner**

Thursday, 10 April 2008

8:00 **Registration and coffee**

9:00 **New extrudable melamine resins for performance WPC**
Ulf Panzer 1) , Uwe Mueller 2) , Andreas Haider 2) , Andreas Endesfelder 1) and
Manfred Raetzsch 1)
1) Agrolinz Melamine International
2) Kompetenzzentrum Holz (Wood Kplus)

9:30 **Melamine resins in core paper impregnation - new possibilities for designers**
Berthold Dombo, DSM Melamine

10:00 **Quo vadis emissio?**
Robert Wagner and Harald Steindl, Dynea Austria

10:30 **Coffee break**

11:00 **Technological Update from the Berndorf Hueck Group**
Otto Stadler, Berndorf Hueck

11:30 **Direct printed surfaces – Is the third dimension possible?**
Tobias Schreck, Buerkle

12:00 **Overview of the Hymmen direct multi-colour printing concepts on wood and wood composite panels**
Joachim Voigt, Hymmen

12:30 **Lunch break**

14:00 **Digital printing process on narrow edges - the HOMAG printline edge printing machine**
Ludwig Albrecht, Homag

14.30 **Printing technologies in combination with KLEIBERIT HotCoating®**
Jens Fandrey, Kleiberit

15:00 **Weather resistance - the primary function of exterior cladding**
Keith Phillips, Trespa

15:30 **Coffee break**

16:00 **Panel discussion "Exterior Applications"**

Panelists:

Keith Phillips, Trespa
Dietmar Mueller, Berndorf Hueck
Klaus Hoffmann, Dynea Austria
Kenn Busch, Moderator

17:00 **End of Conference**
